Report of Guest Lecture on "प्रवास आनंदी नातेसंबंधांचा Journey of Happy Relationship"

As per the notice informed to the students a guest lecture has been organized on "प्रवास आनंदी नातेसंबंधांचा Journey of Happy Relationship" by Anti-sexual Harassment Committee and Gender Sensitization Committee. The speaker was and the professional Gynecologist and counsellor, Dr. Sagar Pathak, on 03 February 2024 at 11.00am in F-13 classroom.

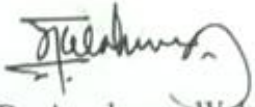

This program was successfully attended by our college students. This program, Dr. Sagar Pathak, was invited to guide the students and staff regarding the subject.

The speaker had not left any stone unturned to make the students aware about the harmful impact of excessive use of social media. More than 66 students have attended the lecture and gained the valuable message on how to develop healthy relationship between our colleagues, family members and friends. Dr. Sagar Pathak also elaborated the difference between love attraction and friendship. He showed some of his inspiring videos, shared his real life experience and gave some examples to not to get confused in love, friendship and attraction. The lecture was truly inspiring for the students. Principal Dr. A.K. Walunj sir in his address encourages that a *healthy relationship* is a feast of affection for the people. The most important part of any healthy friendship is the ability to talk and listen to one another. The lecture covered following points:

- Be clear about what you want. Say sorry when you're wrong
- Be affectionate and show appreciation. Make the relationship a priority.
- It's possible that you can be attracted to their personality, but most of the time, the word "attraction" is used in the term to describe a person's physical parts. Ex. "That person has a very attractive body".
- Friendship is when a person likes, trusts, and loves somebody else, in a strictly platonic way.
- You can say that you are attracted to him/her because of his/her beauty, talent, character, personality or wealth, but love goes beyond that.
- Love is all about what you do your best to make that person happier. Whereas, the attraction is all about fulfilling your self-satisfaction and your own needs.
