Alumni Association

I. Significance

An Alumni is an essential part of college. It brings former students together to maintain connection with their college and fellow graduates. Being a part of an association can open many doors for present students and allow them to reap a lot of different benefits. An alumni network connects with a number of professional contacts and other graduates from Colleges and University. The small acts of showing support for the community we have become a part of can be the beginning of a success story for new students. Whether it be building your brand, creating business connections or getting involved in other organizations, an alumni network is an excellent source for building those long-term relationships to get a foot in the door or advance the career.

Core Values

Alumni Association is committed to excellence in all its activities and is dedicated to the following core values:

- ❖ **Reliability** – Pride in and commitment to the future that we are creating together as a college and an alumni community, while honoring our history, traditions and achievements.
- ❖ **Morality** – Transparency and ethical behavior in all of our interactions.
- ❖ **Assortment** – Recognizing and valuing differences and seeking alternative perspectives and inclusiveness in all that we do.
- ❖ **Industry-Academia** - Striving to be an industry leader (through industry-academia) in alumni relations through a creative and transformational business model.
- ❖ **Continuous Improvement** – Pursuit of excellence through agility and responsiveness to stakeholders and the environment.
