

Pratibha College of Commerce & Computer Studies

Placement Cell

Placement is the culmination of a journey undertaken by our students . We feel its our priority to make sure our students achieve what they set out for. Around the year special attention is given to make sure our students excel in placement process. Pre-placement talks, CV writing workshops, Mock GD-PI sessions & spoken English lectures are organized to make our students ready for the grueling placement process.

'Its not just about knowing ; Its about doing'.

The students understand the importance of learning through experience. Hence an exclusive placement cell comprising of around 15 students works ceaselessly to explore job opportunities in various industry sectors, develop relations with the corporate, arrange campus interviews, communicate with students and help them prepare for the same as well whenever necessary. The placement cell also organizes various academic, technical sessions as well as sessions by eminent corporate personalities.

PCCCS recognizes the importance of a career choice in each and every students's life, as a result it is important to coach and develop a student individually to ensure the student is able to make an informed choice on career. Recruiters mostly like to hire people with professional attributes. By attending this development programme, students commit themselves to become a Professional of choice for the recruiters.

Pool Campus Drives A.Y. 2020 - 21
