Report of Guest Lecture

The Minority and Caste Category Welfare Committee/Equal Opportunity Cell has organized Guest Lecture on **“Career Opportunities for general and reserved category students”** on 10th September, 2025 at PCCCS building, G10 hall. The guest speaker was Mr. Nirav Suratwala, Director, H.V. Desai Competitive Exam Centre, Pune. He is a disguised educator and founder whose contributions have significantly shaped the educational landscape in competitive exam coaching.

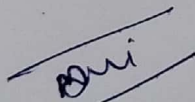

The event started with a welcome address by Mrs. Archana Gaur, Member of the committee. The welcome address was preceded by a short talk. In her talk she introduced the speaker to students and also emphasized the importance of career opportunities in government sector. Our principal Dr. Kshitija Gandhi mam felicitate the guest. The lecture started around 10:00 a.m. and ended around 11:30 p.m.

Mr. Neerav Suratwala sir briefly highlighted the various government schemes and financial assistance programs available to students from different categories, aimed at supporting them in their competitive exam preparation. Adding to this, he shared his in-depth knowledge about diverse competitive examinations, their eligibility criteria, and the preparation strategies required to succeed. The session not only created awareness about MPSC, UPSC, and other government examinations but also inspired minority students by showcasing the journeys of successful candidates who had achieved remarkable results under their mentorship. Overall, the session proved to be clear, informative, and motivational, encouraging students to explore civil services as a promising career path and rethink the opportunities available in the government sector.

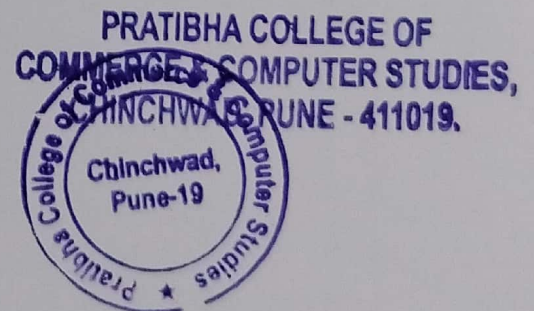

In his talk sir gave an overview of various financial assistance available to support students in their academic and professional journeys. He thoroughly explained various government schemes and financial support systems designed to help students from both general and reserved categories, including SC, ST, OBC, Minority and economically weaker sections (EWS). The speaker elaborated on different types of scholarships, such as merit-based, need-based, and category-specific scholarships offered by central and state governments. He also discussed educational loan facilities with interest subsidies, free

coaching programs for competitive exams, fellowship programs for higher studies, and fee reimbursement schemes available for eligible students. Special attention was given to how these financial aids can reduce the burden of education expenses and create equal opportunities for all. His presentation not only raised awareness but also motivated students to actively seek out and apply for these schemes to achieve their academic and career goals without financial constraints.

The students thoroughly appreciated and admired the lecture, engaging with it wholeheartedly from beginning to end. The speaker's insightful explanations and practical guidance captured their full attention, sparking genuine interest and curiosity. His ability to clearly convey complex information about government career opportunities and financial assistance schemes made the session both informative and inspiring. Many students expressed that the lecture was not only enlightening but also highly motivating, as it provided them with a clearer vision of their future paths. The enthusiastic response from the audience reflected the overall impact and effectiveness of the session. Our Respected Principal mam directed the process to be carried out for the preparation of this activity. All the committee members supported a lot for the successful conduct of this event.
